We hope you find value in this production today.

By attending this production, you recognize the importance of arts education for our youth; and that it not be overlooked in the current economic climate.

Your support is vital!

YPT has been striving to establish a reputation of excellence. Young people know that when they participate YPT shows, they have fun while learning to perform with confidence in front of an audience, the value of hard work and the relentless pursuit of perfection.

We provide this experience at one of the lowest participation costs in the country. But it's still difficult for many young people to participate because of current economic conditions. Fortunately, we have a scholarship program in place to ensure that nobody is turned away because of financial need. You are a crucial part of that scholarship program.

Please make a contribution!

Every dollar helps as we reach out to every interested young person.

We would like to list you as one of YPT's supporters. No tickets are included with this contribution, so it's tax deductible.

Thank you for your support.

Brian T. Schultz,
ACT Education Coordinator
